Dear Sir or Madam,

On behalf of The Elmwood Park Public Library (FCC Registration Number 0025578295), I am requesting a waiver of the e-rate filing window deadline for funding year 2017. This is in accordance with CC Docket No. 02-6 in the matter of schools and libraries universal service support mechanism.

We filed form 470 (#170083235) with USAC for category 2 assistance purchasing a new firewall to handle our library's inbound and outgoing traffic. During the mandatory 28-day waiting period required for the competitive bidding process the filing window for FCC form 471 closed. We would like to request a window waiver in hopes that the funding request in our submitted form 471 (#171049242) could be considered by USAC.

Thank you for your consideration,
